

Jeremy Fredell, PharmD, BCPS

Vice President of Pharma Trade Relations
Express Scripts
Pittsburgh, Pennsylvania

Jeremy Fredell has been working within the PBM industry for over 24 years. In the role of VP Pharma Trade Relations, he leads the team partnering with branded pharma to deliver cost savings and sustainable healthcare for both the pharmacy and medical benefit. Prior responsibilities have included oversight of Drug Strategy & Business Development, three years with Ascent Health Services in Schaffhausen, Switzerland, overseeing the strategy of commercial Utilization Management, contributing to the development of SafeGuard Rx programs, developing solutions in partnership with ESI national formularies, building a medical rebate offering, and several clinical roles with a focus on concurrent DUR and pharmacist education.

Jeremy has developed and presented numerous pharmacist continuing education programs, created specialized cardiovascular safety alerts to grow Therapeutic Resource Center reach, expanded the abilities and utilization of electronic prior authorization, and partnered in the creation of the Advanced Opioid Management solution. Additionally, he has been able to present at several Institute for Clinical and Economic Review (ICER) panels, AMCP Partnership Forum, PCMA, Asembia, and the Evernorth Pharma Summit.
