

**Danny Martin, FCIA, FSA**

**Principal, Head of Investment and Risk Management  
Eckler Ltd.  
Montréal, Québec**

Danny Martin is a principal and leads the risk and investment practice in the Montréal office at Eckler Ltd. He has over 25 years of experience in pension and investment consulting. Throughout his career, Danny has worked closely with pension funds' committees and boards of trustees, both in the municipal and private sectors, with which he has significantly contributed to various mandates involving investment policy, investment management structure implementation, pension actuarial valuation and plan design, and the development of integrated risk management strategies for pension funds. His expertise also extends to the design, implementation, and optimization of defined contribution plans and other capital accumulation plans. Danny has been a speaker at various conferences and events on capital accumulation plans and individual pension plans, a writer of articles and press releases on various topics related to retirement and investment, and a trainer for the International Foundation and other associations specialising in pension and investment. Danny holds a bachelor of science degree in actuarial science from University Laval and is a fellow of the Canadian Institute of Actuaries and the Society of Actuaries.
