

Heather V. Parker, RNC, CWP

**Wellness Coordinator
School District of Lee County
Fort Myers, Florida**

Heather V. Parker has served as the wellness coordinator at the School District of Lee County since 2014. Prior to that, she worked for Lee Health. She works hard to fight rising health care costs and has saved her organization over 300 million dollars. Heather has a great passion for data-driven decisions to push the envelope in wellness, from disease reversal programs to fun and silly gamification of wellness through app-based challenges. She has two kiddos who help her with ideas, and they are her inspiration for leading change in a fun and creative way.
