

Christine Than, Pharm.D., GBA
Assistant Vice President – Pharmacy Lead, Pharmacy
Aon
Montréal, Québec

Christine is an assistant vice president and the pharmacy lead with the Health Solutions practice at Aon. In this role, she is responsible for developing strategies at a national level in respect to drug claim management as well as drug utilization reviews. Moreover, she is responsible for monitoring drug trends, innovation and legislative changes that could affect drug plans. Christine joined Aon in 2013. She is a Québec-based pharmacist and has held various positions in the health industry, more specifically in health technologies where she was an account manager and clinical pharmacist within a major pharmacy benefits manager. She is a 1999 pharmacy graduate of the Université de Montréal, and she obtained her Pharm.D. designation in 2022. She first began working in the industry in 2002. She has extensive experience in advisory services for businesses as well as internal clients in her role as a prescription drug expert. She has several years of experience as a keynote speaker at industry conferences. Christine also continues to practice pharmacy on a part-time basis in a retail setting.
